TWELVE PAGES—FIVE CENTS

Violence Follows Strike Of Miners

Roving Pickets Beat Workers, Shoot At Others

Pittsburgh, Sept. 19—(AP)—Violence broke out in the coal fields today as nearly all of John L. Lewis' 480,000 United Mine Workers struck voluntarily.

Shortly after the UMW members quit work to back up their demands of 'no pension, no work,' reports of violence came from West Virginia and Kentucky.

And a few hours later five coal-hauling railroads said they'll furnish more than 26,000 workers before the end of the week. More layoffs are in the offing.

Lewis Blamed

Industry spokesmen leaped into the fray. They accused Lewis of fomenting the walkout. Lewis didn't comment.

In Kentucky, where 55,000 miners were idled, two carloads of men fired into a strip mine truck in Knox county. Two riders abandoned the vehicle as it crashed over a mountain side. About 20 shots were fired at the men but no one was hurt. Warrants were issued for three men suspected of participating in the shooting.

The Kentucky episode followed on the heels of violence in West Virginia. Three employees of a strip mine were beaten by what they called part of a motorized caravan of roving pickets.

While all this was going on miners in the field said they would stay off the job until Lewis wins his fight to stabilize the miners' welfare and pension fund.

Pensions Stopped Sunday

The \$100-a-month pensions to retired miners and all other benefits were stopped Sunday. The trustees of the fund including Lewis said the action was necessary because the fund was going broke.

Lewis was irked particularly at southern coal operators who refused to continue their 20-cents-a-ton royalty payments into the fund.

The miners have been working on an informal extension of their contract which ran out last June 30.

Joseph E. Moody, president of the Southern Coal Producers association, lost little time in going to bat against Lewis.

"Mr. Lewis is trying to mislead the American public and the members of his union," Moody said in a statement at Washington.

"His men are out on strike, apparently acting—as is customary—on a 'now or a wink'." The miners are being aroused about the fund.

LENA HORNE SUES CHICAGO CAFE FOR NOT ADMITTING HER PARTY

Chicago, Sept. 19—(AP)—Lena Horne, singer, today sued Caruso's restaurant for \$500 damages today, alleging she was refused admittance because she is a negro.

The Superior Court suit said she and five friends, three of them negro, tried to enter the near north side dining place Sept. 16 and were refused entry by an employee.

One of Miss Horne's companions was Mrs. Lillian Harper, negro, wife of Lucius Harper, executive editor of the Chicago Defender, negro newspaper.

Expect Britain, Canada To Ask US For Atom Secrets

Washington, Sept. 19—(AP)—Britain and Canada are expected to urge on the United States a broader exchange of atomic secrets, in three power talks opening here tomorrow.

The United States for its part will request Britain and Canada to agree to give this country a maximum share of uranium ore out of the total production available to the western powers. This ore is the raw stuff of atomic bombs and the western powers get most of what they have from the Belgian Congo.

The conference also may involve vital information—but very hush-hush—strategic questions since the atomic bomb is a trump weapon in the arsenal of the west.

However, what these questions are—whether, for example, they include the possibility of stockpiling bombs in Britain—is a tight secret.

Truman Says He Will Not Try To Stop Coal Strike

Washington, Sept. 19—(AP)—A source close to President Truman said tonight the President has no intention of trying to halt the coal mining walkout for the time being.

This official, who asked to remain anonymous, said Mr. Truman is determined to let the coal industry and John L. Lewis, head of the miners' union, "sweat out" their pension and new contract disputes.

The official said Mr. Truman should not be expected to make a move to try to end the coal strike for 30 or 60 days. A stockpile of coal already mined and above ground is available to last that long.

Under the Taft-Hartley labor law the administration would have to prove in court that coal stocks had dwindled to the point where the country faced a national emergency, before an injunction to halt a walkout could be obtained.

States Newspapers Will Continue To Cost Five Cents

Milwaukee, Sept. 19—(AP)—Americans likely will keep on paying a nickel for their favorite daily newspaper, industry controllers heard today.

Howard Rutledge of the Wall Street Journal added, in an address before the second annual meeting of the institute of newspaper controllers and finance officers, that publishing costs are just too high to permit a price cut.

Rutledge said that talks with industry leaders led him to believe that advertising and circulation revenue will be about the same next year as this year, that newspaper price probably won't change and that labor costs are leveling off.

Judge Acquitted Of Trying To Murder Once Best Friend

Atlanta, Sept. 19—(AP)—A jury acquitted tonight Judge Robert Carpenter of attempting murder after a five-day trial.

The jury was out 59 minutes. The judge's eyes promptly filled with tears and he put his arm around his lovely, 20-year-old stepdaughter, who also fought hard to keep from sobbing aloud.

As soon as the jury announced its verdict, the courtroom broke into cheers, despite an earlier warning by trial judge, Virgil B. Moore that he would tolerate no demonstration.

The handsome 44-year-old civil court judge was charged with shooting in the face John Lockwood, 53, his one-time best friend, later attorney for Mrs. Carpenter in a divorce suit.

The judge said on the witness stand he fired at the former Philadelphia lawyer to foil an attempt to steal his wife, money and food name.

Senate Approves Carson For Post With Trade Group

Washington, Sept. 19—(AP)—Beating down Republican opposition, the Senate approved today President Truman's selection of John J. Carson to be a member of the federal trade commission.

It confirmed the nomination 45 to 25 on a rollcall vote which saw only six deviations from party lines.

Carson, 59, is a former Indianapolis and Washington newspaperman who most recently has been research and information director of the cooperative league of the U.S.A. His economic views came under heavy fire from GOP Senators.

Senator Bricker (R-Ohio), who led the fight against Carson, charged the nominee with "fuzzy minded thinking" and said "there is nothing to show he has any comprehension of the problems" of the trade commission.

The five-man commission, created in 1914, is charged with preventing unfair methods of competition and with prosecuting some violations of the anti-trust laws.

WANTS OLD TELEPHONE DIRECTORIES TO TEAR UP

London, Sept. 19—(AP)—The main post office, which hands out London telephone directories, listed this inquiry today among those disposed of lately.

A woman asked for a dozen old directories for a strong man to tear up for the amusement of her guests at a garden party.

World-Wide Financial Turmoil Follows Devaluation Of Pound

19 Countries Follow Lead Of Britain

London, Sept. 19—(AP)—Hope, fear and confusion among governments, homes and banks were the first frantic reactions today to the British pound devaluation and the world monetary shakeup.

While command folk feared higher prices and harder times, brokers rushed to buy shares in commodities the world always needs—rubber, tin, cotton, copper—and in speculative gold to safeguard their cheapened money.

British exporters looked for a boom and a full-scale invasion of the dollar market with their cheaper products. Stiffer competition loomed for American industry.

Ministers In Huddles

Government ministers were in Europe, Africa and Asia.

In most countries in western Europe, and in many lands besides, banks and stock exchanges closed or else suspended trading in foreign currencies until the situation settles.

Nineteen nations already had followed Britain's lead and devalued their money. These were France, Sweden, The Netherlands, Iceland, Finland, Ceylon, Malaya, South Africa, Australia, New Zealand, Ireland, India, Norway, Denmark, Egypt, Burma and Israel.

The Netherlands had not yet announced the new exchange rate for her guilders.

Other countries which may reshuffle their currencies were western Germany, Austria, Canada, Italy, Greece, and Pakistan.

Sir Stafford Cripps, chancellor of the exchequer who announced the 30 per cent devaluation of the pound Sunday night, himself rang the firebell for an accelerated export drive by British merchants.

Could Expect No Miracles

He told a news conference crowded with 400 reporters the British could expect no miracles from devaluation. The British, he said, "must redouble all our efforts" to increase exports.

In the midst of the world-wide readjustments, Britain announced conclusion of a five-year \$100,000,000 (\$280,000,000) trade agreement with communist-governed Czechoslovakia. The government said the deal was reached Saturday, before devaluation was announced, and is subject to ratification by the two governments. Informal sources said the import of sugar, timber and specialized machinery from Czechoslovakia also should ease the pressure on Britain's dollar store.

A responsible east European diplomat in the Soviet orbit said it was highly unlikely that any country in the Russian sphere would devalue its currency to conform to the shakeup in western Europe.

Moscow's reaction was shown in an Izvestia editorial on Sunday anticipating devaluation of the pound. It said devaluation was a tool of "Wall Street Bosses" to bring about "liquidation of the sterling bloc and subjection of the pound to the dollar."

The Communist party described devaluation as a "brutal" attack on "real wages in Britain" and a method of enabling Wall Street industries to buy up British industries at less cost.

A British treasury spokesman said the Sterling price of gold has been set at 250 shillings (\$35) a fine ounce. Until yesterday the gold price in sterling was 172 shillings, 10 pence. The increase represented an increase to South Africa's gold mines of about \$10.90 an ounce.

Auditory Training Unit Teaches Deaf Children To Speak

Des Moines, Sept. 19—(AP)—A portable auditory training unit to teach deaf children to talk is now being used at Smouse Opportunity school here.

The suitcase-size box—equipped with radio, records and speech attachments and a tone control button—is a relatively new development of wartime research for war-deafened veterans.

Miss Doris Wood, who uses the unit at the school, said that in the past sound amplification often was insufficient to reach deaf babies.

The children, soon as they become accustomed with using the earphones, are first introduced to sound through drum and whistles played on records. Later Miss Wood speaks in a natural tone to them through a small hand microphone.

The child is then taught to identify various spoken words with objects, such as shoe, mommy, daddy. Follows the long, patient task of correlating the child's hearing and speech. He is ready for speech reading, formerly known as lip-reading.

Steelworkers Will Strike Unless Industry Gives Welfare System

Washington, Sept. 19—(AP)—CIO union, which he also heads, will insist on full acceptance of the board's recommendation and an agreement to write it into a new contract. He said he would not insist that the contract actually be signed by the week's end deadline.

He informed reporters there will be a walkout in the critical steel industry unless management agrees to a new contract calling for a welfare package to cost 10 cents an hour for each worker—six cents for pension and four cents for other social insurance.

That was one of the recommendations of a presidential fact-finding board, Murray, having swallowed the board's rejection of demands for a fourth round wage boost, said the industry must do the same with one of the recommendations it did not like.

Murray said the steelworkers

President Philip Murray said today that 1,000,000 steelworkers will strike at midnight Saturday unless the industry agrees to establish a company-financed welfare system.

He informed reporters there will be a walkout in the critical steel industry unless management agrees to a new contract calling for a welfare package to cost 10 cents an hour for each worker—six cents for pension and four cents for other social insurance.

Noronic Crewmen Tell Of Fire Day Before Disaster

Toronto, Ont., Sept. 19—(AP)—Two crew members revealed today that 24 hours before the S. S. Noronic became a flaming death trap, there had been a smaller fire in one of her staterooms.

"That was why someone found a fire extinguisher empty when he tried to use it," said Crewman Martin Brown, 16, of Sarnia, Ont., "it had been used to put out the fire on 'D' deck."

Brown and Harry Brain, 22, also of Sarnia, told of the stateroom fire. Brown said he had seen some of the crew standing around unaware for a while of the bigger blaze Saturday night. It was this conflagration which turned the Great Lakes pleasure steamer into a fiery hell, taking at least 121 lives.

Eighty-four passengers still are among the missing, but many of them may have returned to their homes without reporting their escape. Most of the 511 passengers were Americans.

Escapes After 2 Convicts Hold Him Prisoner 30 Hours

Lafayette, Ind., Sept. 19—(AP)—A young appliance salesman escaped from two knife-wielding convicts today after more than 30 hours as a prisoner in his own automobile.

George F. Gennara, 25, of Caspian, Mich., a combat infantryman of World War II, told Indiana state police of sitting helplessly between Sam Leib, 39, and Henry Shelton, 42, who escaped Labor Day from the northern Michigan prison at Marquette. Police in four states were still hunting the fugitives tonight.

Leib, serving life for murder, and Shelton, doing 60 years for armed robbery, seized three other automobiles in succession after Gennara escaped. They made at least one attempt to get guns.

"I wouldn't say it was as bad as my wartime experiences in Italy and France," Gennara told the Associated Press, "but it was pretty bad."

One Of Every 20 Trucks Tested Has Been Overloaded

Springfield, Ill., Sept. 19—(AP)—About one of every 20 trucks weighed in a drive to enforce load restrictions has been found to be overloaded, Chief Harry I. Curtis of the Illinois State Police said today.

Nearly 400,000 trucks have been weighed since the enforcement campaign began last February, Curtis said. Violations totaled 20,821.

Drivers of vehicles carrying loads above statutory minimums were arrested, fined and required to remove surplus cargo before continuing runs.

SCIENTIST STATES MANKIND'S FUTURE BRIGHTER THAN EVER

Atlantic City, Sept. 19—(AP)—Science will lead the way to a better world, and people shouldn't be gloomy over the atom bomb or threat of communism, Prof. Arthur B. Lamb of Harvard declared tonight.

"Fundamentally, and for the long pull, mankind's prospects have never been brighter," he told the American Chemical society.

Prof. Lamb spoke at a general assembly after receiving the society's Priestly medal, highest honor in American chemistry. He was honored for his 30 years' service as editor of the society's Journal, a post Israel held for which he is retiring this year.

Three Federal Pen Prisoners Foiled In Escape Attempt

Terre Haute, Ind., Sept. 19—(AP)—Federal prison guards foiled an attempted escape today by shooting and wounding two inmates and recapturing a third without a struggle.

Warden J. Ellis Overlade identified the three as William J. Wiseman, 25, of Danville, Ill.; Grady Lee McDaniels, 22, of Atlanta, Ga.; and William Jones, Jr., 21, of Route 2, Terre Haute.

Overlade said Wiseman and McDaniels got over an eight-foot fence and another 12-foot wire fence before they were felled by shots by tower guards. Wiseman, a military prisoner serving a six-year term that had been reduced from life, suffered a flesh wound in the arm.

McDaniels, with two years to serve on a three-year sentence for violation of the Dyer Act, suffered a similar wound in the leg.

Jones, serving a five-year term on a Dyer Act conviction, fell from the top of the smaller fence and injured his leg. He was not hurt seriously but surrendered without a fight to the guards, the warden said.

Union Tells Ford They Will Strike On September 29

Detroit, Sept. 19—(AP)—The CIO-United Auto Workers gave the Ford Motor Co. strike notice today. The deadline is 12:01 a.m., Sept. 29.

A union spokesman said the notice resulted from the inadequacy of the company's offer on pensions. Neither the company nor the union would say what the offer was.

It was learned, however, Ford made a tentative pension offer. Under the reported proposal, the company would finance the pensions and employees would not be required to make contributions.

Union sources estimated the value of the offer at eight cents an hour. It was understood the offer would cover Ford's 115,000 employees providing pensions of about \$50 a month for workers reaching the age of 68, exclusive of social security benefits.

Miller Named To Serve On Chicago Transit Authority

Springfield, Ill., Sept. 19—(AP)—Governor Stevenson today appointed John S. Miller, Chicago attorney and civic leader, to a seven year term on the Chicago Transit Authority. He succeeds Frank McNair, whose term expired Sept. 1.

Miller is a member of the Chicago Plan Commission advisory board. He has been president of Industrial National Bank of Chicago and for many years was president and treasurer of the Site of Fort Dearborn Building Corporation. He is a director of Chicago National Bank.

His civic work includes membership on the boards of the Juvenile Protective Association, School of Domestic Arts and Science, Illinois Society for Mental Hygiene and the National College of Education.

He is a member of the law firm of Taylor, Miller, Busch and Magner.

BURGLAR GETS SLUGS

Richmond, Ind., Sept. 19—(AP)—A burglar who took \$132 in wrapped coins from a theater safe last night got a surprise when he opened some of the rolls. He also carried away 2,194 slugs but his favorite dishes. She filed a cross suit charging him with habitual intoxication.

Worth Of Devalued Money Of 19 Nations In Dollars

London, Sept. 19—(AP)—Nineteen countries have devalued their currencies. Here are the old and new values of their moneys, in relation to the dollar:

Materials Cost Less In Dollars

New York, Sept. 19—(AP)—Lower dollar prices for many raw materials and finished products in most of the world emerged today from the wring of devaluation.

The squeezing of prices in the first business day following devaluation fell for short of the 30.5 per cent by which Britain and other countries reduced the dollar value of their money.

What will be the extent of the thorough shake-up of price structures remained to be determined.

Many Factors To Be Fitted

There were many factors yet to be fitted into the pattern—how much manufacturing costs abroad may rise and the effect of such charges on distribution and shipping costs or eventual retail sales prices.

First reaction in United States markets was relatively limited. Lower prices were paid for many commodities including wool and wool tops, rubber, hides and cocoa sold on contracts for future delivery.

But the reductions were generally small, in terms of total price. At the same time, Britain and those who followed her in devaluing currencies had to pay more in their markets.

What price benefit on imported goods the American consumer may derive will depend on the eventual balance reached between prices on foreign and domestic markets.

10 To 20% Drop In Prices

One importer in New York predicted a 10 to 20 per cent drop in prices of British wool's sold here; imported whiskies might show a smaller drop; a New York dealer cut 20 per cent from prices of British automobiles, without waiting to see what their manufacturers would do to their selling list; a chainware importer forecast "a reflection—we don't know how much."

Trading in stock shares here and abroad reflected business views of prospects in the economic shake-up.

In Britain, which is gambling with devaluation to encourage exports, stock exchanges were closed. But brokers took to the open air and bid shares sharply higher in street trading.

On Wall Street, an initial burst of selling faded out, but final quotations were a few cents to \$1 a share lower. Disputes in coal and steel industries were credited with affecting market sentiment, perhaps more than the devaluation, although the British move could give American producers more competition generally.

Says Emergency Teachers Number 2,500 In Illinois

Springfield, Ill., Sept. 19—(AP)—A state education leader estimated today that 2,500 emergency teachers are holding classes this fall in Illinois public elementary schools.

Emergency teachers are those authorized to instruct pupils because teachers meeting qualifications for a regular certificate are not available.

Director Noble J. Puffer of the state registration and education department said an insufficiency of teacher training facilities was postponing the day when all grade school instruction will be carried on by fully qualified personnel.

Puffer said that "several hundred" recent applicants for admission to Illinois Teachers Colleges were turned down because of inability to find housing for them.

Even so, total enrollment in the four colleges at Charleston, Macomb, DeKalb and Normal is nearly seven percent above a year ago, registrations now stand at 7,135 compared with 6,710 in 1948.

Kabassi, Kapusta Reconcile Couple

Chicago, Sept. 19—(AP)—Irene Tomczak promised today to cook kabassi and kapusta for her husband, Frank, any time he wants them; and then they agreed to a trial reconciliation instead of a divorce.

Kabassi and kapusta are Polish sausage and kraut.

The couple appeared before Judge Rudolph F. Desor, in superior court, got a surprise when he opened some of the rolls. He also carried away 2,194 slugs but his favorite dishes. She filed a cross suit charging him with habitual intoxication.

U. O. I. GETS BACK ITS SKATING RINK

Urbana, Ill., Sept. 19—(AP)—Thanks to improved housing conditions, the University of Illinois is going to get its ice skating rink back again.

The campus rink, used for three years as a dormitory, housing 432 men, will reopen to skaters Thursday. Physical education classes will use the rink area during most of the daytime periods, with recreational skating in the evenings.

WEATHER

The Norbury Sanatorium, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Monday as follows: High, 78; low, 48; and at 6 p.m., 70.

Forecast for Illinois—Tuesday fair and cooler.

France Liberates Franc To Find Its Relation To Dollar

Paris, Sept. 19—(AP)—France liberated its franc tonight to find its place on the free market in relation to the dollar, with the expectation that it will be valued at about 350 to \$1.

The dollar has been bringing 330 francs under favorable conditions of trading in the last few weeks. The action, therefore, is a devaluation.

The government announced its decision after a cabinet meeting of nearly four hours. A government spokesman emphasized that no strict franc-dollar ratio was fixed, but he expressed belief that the 350-franc rate would result.

The cabinet did fix a strict ratio for franc-pound trading, 980 francs to £1. That, under the new \$2.80 pound, converts into 350 francs to the dollar. The pound is not on the free market in France, but the moneys of the United States, Belgium, Portugal, and Switzerland are.

Convention Battle Begins Between Factions Of UEW

Cleveland, Sept. 19—(AP)—Battle lines were drawn today for a showdown fight to determine the future course of the 600,000-member CIO United Electrical Workers union.

Left wing administration forces demonstrated strength among delegates as the big union opened its 14th annual convention in Public Auditorium. The convention election, scheduled Wednesday, will determine whether the union will continue under left or right wing leadership.

Left wing forces, headed by the union's International President Albert Fitzgerald, won the convention's initial skirmish by gaining control of the credentials committee. This committee will determine the right of delegates to vote.

Fitzgerald, president since 1941, claims a 2 to 1 margin of about 6,000 votes which will be cast for national officers by 1,000 delegates from 400 locals in the United States and Canada.

Russia Agrees To Resume Talks On Austrian Treaty

Washington, Sept. 19—(AP)—Russia tentatively agreed today on a new attempt to settle the long east-west dispute over Austria's future.

Talks will open in New York on Thursday.

American officials expressed some skepticism over the outcome, but said the discussions may provide a clue to Russia's immediate intentions in the cold war.

A formal treaty restoring Austria to full independence would require the withdrawal of all occupation forces in Austria and also of Soviet troops elsewhere in eastern Europe. By agreement with her wartime western allies, Russia permitted to station troops in Hungary and Rumania only to keep lines of communication open with Soviet forces in Austria. Immediately the Austrian peace treaty is signed, the full independence of the war.

However, some officials here said they suspect Russia may be unwilling to withdraw these troops in the present stage of the Kremlin's feud with Marshall Tito of Yugoslavia.

MILLIONAIRES PASSING
(Milwaukee Journal)
During his lifetime, Charles W. Nash, pioneer automobile maker, was able to build up an estate of more than \$43,000,000. Mr. Nash died last year, leaving the bulk of his estate in trust for two daughters. Now it is announced that federal and state death duties will take away 75 per cent of the \$43,000,000.

Back in 1915, when Mr. Nash was 36, the top federal tax rate on incomes was only 15 per cent. Even in 1927, it was only 25 per cent. It was comparatively easy in those days to get a few millions together—and to keep them. Now with the federal government taking as much as 70 per cent of earnings at relatively modest levels, it is practically impossible for a young man, starting from scratch, to pile up even a few millions, to say nothing of 43. And it is even more impossible for him to hand on a really substantial fortune to his heirs.

All this does not alter the fact that this is still the land of great opportunity. There are more moderately wealthy men in this country today than in any part of the world, just as there are more who are "comfortably well off." It is still possible for those who "have the stuff" to have all the money they can properly spend and to leave to their heirs enough to keep them in comfort to the end of their days.

'Barnum Of The Airways' Pioneered The Giveaways

BY HAL BOYLE
New York—P—Radio's "truth-or-consequence man" says it is true he pioneered the giveaway program. But Ralph Edwards denies responsibility for the present consequences.
"I originated the giveaway program in 1940, alas and alack," he said, "but that wasn't the intent. We outfitted a girl like Cinderella on one program—a kind of feminine Horatio Alger touch. That was just one stunt. But the giveaway started from that."
"Other programs picked up the technique and started giving gifts. Killing themselves."
"Our giveaways were for charitable purposes. But others took the guts of our idea—without its heart. It turned out to be a greedy thing without any charity aspects. And now the whole business is its knees. They are killing themselves."
And Edwards said that, unless the giveaways returned to their original pattern, he would just as soon see the FCC ruling banning them upheld by the federal courts.
The red-haired 36-year-old producer feels the ruling doesn't affect his own two NBC network shows—"Truth or Consequences," and "This is Your Life."

Amount Of Aid For September Remains Steady
The amount of aid given for September through the Morgan County Department of Welfare, operating under the Illinois Public Aid commission, remained about steady, according to Fred E. Deatherage, superintendent.
Old age assistance was given 838 persons. The total paid out was \$38,389, averaging \$45.81 per person. Under aid to dependent children 156 families with 325 children received assistance. The total was \$13,051, which averaged \$83.66 per family and \$40.15 per child.
Thirty blind persons received aid amounting to \$1,450. The average was \$48.33.
"The checks are expected the early part of this week."

Ruble Infant Dies In Chicago Sunday
Carol Ann Ruble, infant daughter of Mr. and Mrs. Duane Ruble of Manteno, died Sunday at the Children's and Women's hospital in Chicago.
The infant will be interred in Manteno, where grave-digging rites will be held.
Mr. Ruble is a former resident of this city. His mother, Mrs. James Jolly, and brother, Bob, have gone to Manteno for the services, he telephoned.

OAKLAWN CONTRIBUTES TO COUNTY'S HEALTH

Morgan County's Tuberculosis Hospital, now in its twenty-ninth year of operation, the product of the activities of the Morgan County Tuberculosis and Health League, holds its annual rally dinner Monday evening, September 26, at the Masonic Temple at 6:15 p. m. The public is invited. Through its clinic service the sanatorium, with the cooperation of the League, has practically wiped out tuberculosis in the young people of Morgan County.

Miss Jeris Ann Bates Weds Robert R. Sims

Vows Exchanged In Pretty Rites At Church Sunday
In a candlelight ceremony which took place Sunday afternoon at 2:30 o'clock in the First Baptist church, Miss Jeris Ann Bates, daughter of Mr. and Mrs. Albert Bates, 512 South Church street, became the bride of Robert Ray Sims, son of Mr. and Mrs. Byron Sims, 228 West Beecher avenue.

Rev. Clair E. Malcomson received the vows in a double-ring service performed at an altar banked with palms, ferns and white flowers, centering around a lighted cross, flanked by four candles.
Organ selections, including Schubert's "Serenade" and "Ave Marie," "The Lohengrin Wedding March" and Mendelssohn's wedding march, were played by Mrs. Melvin Smith. Miss Wanda Harrell, cousin of the bride, sang "Through the Years" and "Because," accompanied by Mrs. Smith.

Bridal Attendants
Serving as maid of honor was Miss Mary Carl. The bridesmaids were Miss Theone Faust and Mrs. Nadine Worrall Grosan. The bride's cousin, little Luwana Sue Herli, was flower girl.
Everette Allen was the best man, with Jim Bates and Maurice Sims, brother of the bride and bridegroom, respectively, acting as groomsmen.
The guests were seated by Van Dean Sims, brother of the bridegroom, and Howard Gutekunst, cousin of the bride. The ring bearer was Danny Artholony, also a cousin of the bride.
Wearing the traditional gown of white slipper satin, the bride was given in marriage by her father. Her gown was styled with a Queen Anne collar, kehole neckline, moulded bodice, pointed at the waist, and long sleeves tapering to points at the wrist. A seed pearl design accented the front of the bodice. The long, full skirt terminated in a cathedral train.
The bride's veil was of French illusion, fingertip in length, bordered with imported lace and secured to a crown of seed pearls.
Carries White Bible
She carried a white Bible, a gift from the bridegroom, which was topped with a single orchid.
Fall shades of crisp taffeta fashioned the crown of the bridal attendants. Identical in design, the gowns were made with rounded necklines, cap sleeves, fitted bodices and tiered skirts, accented at the waist with long ties of black velvet ribbon. They each wore a halo of flowers and carried a matching nosegay.
Miss Carl wore deep yellow, while Miss Faust's gown was of emerald green and Mrs. Grosan's was old rose. The flower girl wore orchid and the vocalist, blue.
The social room of the church was the scene of the reception following.

IN AIR FORCE
Pvt. Raymond H. Patterson, 19, son of Mr. and Mrs. Howard Patterson, rural route five, Jacksonville, is now stationed at Lackland Air Force Base in San Antonio, Tex., where he will take the air force basic airman indoctrination course. At the completion of his 13 weeks of basic training, he will enter the air force technical training for assignment in specialized work.

RECORD CONVEYOR BELT?
Sydney, Australia—P—At an estimated cost of 25,000,000 dollars, an American firm has offered to build for Baird Aird, Open-Cut Collieries Ltd., of Queensland, Australia, a 130-mile conveyor belt to carry coal to a coastal port, Broad Sound.

DEMONSTRATE REVOLUTIONARY NEW "TYPESETTER"—Dr. Vannevar Bush, seated, and Dr. Samuel Caldwell of the Massachusetts Institute of Technology, Cambridge, demonstrate the electronic typewriter that "photographs" lines of type on film, which in turn can be used to make a printing plate—all in a matter of five minutes. The system, when developed for commercial use, is expected to make obsolete the present-day metal-typesetting machines which years ago put the laborious hand-type setter "out of business." The machine contains a mechanism with a "memory," which stores up letters until a complete line is set. Margins are then evened and the line is photographed. The system is based on inventions by French scientists Rene Higonnet and Louis Moysard.

Etta Robertson Dies at Hospital Monday Morning

Mrs. Etta Robertson, a well known resident of this city, died Monday at 8 a. m. at Passavant hospital, where she had been a patient for the last six weeks.
Mrs. Robertson, who had made her home here for about 20 years, resided at the Duplap hotel before entering the hospital.
She was preceded in death many years ago by her husband, Richard Robertson, and an infant son.
Surviving are a daughter, Mary Streamer of Pueblo, Colo., and a son, Arthur Robertson of Glencoe.
The body is at the Reynolds Mortuary, where funeral services will be conducted at 10 a. m. Wednesday by Rev. Arthur Ewert of Westminster church.
Interment will be in Diamond Grove cemetery.

Auto Driver Racks Up New Track Record Here

Safe and sane were the bywords of Mutual Racing Association drivers as they circled the Morgan county fair grounds track here Sunday in a five-event auto racing program.
Only one very slight injury was suffered by a driver. Wally Mandelco, of Rock Island, was burned on the legs and feet when his auto's oil line parted during the first race. A minor collision resulted when drivers Harold Ketter and Al Speth bumped during the feature event.
The crowd, estimated close to 3,500, was brought to attention once during the time trial when Al Ketter, veteran driver from Quincy, set a new track record. Ketter, older brother to Harold and Beef, circled the course in 26.4 seconds, shattering the established mark of 27 seconds which he also held. The 27 second record was set by Al in his V8 car in a previous race here this summer.
Sponsored By Grotto
Sponsored by the Jacksonville Zingabed Grotto, the association drivers appeared in Jacksonville for the fourth time this season. Ed Jackson, Monarch of the local chapter, announced at the conclusion of Sunday's affair that the drivers would return to Jacksonville for the championship races, about three weeks hence.
Sunday's program was sharply curtailed compared to previous races. The number of events was cut from 6 to 5. Races were reduced from 10 to 7 laps over the one-half mile track. One match race between Harold and Beef Ketter was only three laps in duration. The feature race was shortened to 15 rounds.
The results:
Time trials—Al Kutter, Quincy, 26.4; Guy Landsey, Moberly, 27; Ken Rubright, Lyndon, 27.02; Johnny Joy, Quincy, 27.1.
First event—Ken Rubright, Al Ketter, Russ Gross, Time, 3:31.21.
Second event—Johnny Joy, Beef Ketter, Al Speth, Time, 3:21.51.
Third event—Johnny Joy, Gil Gilpen, Blackie Carnes, Time, 3:42.
Fourth event (3-lap match race)—Harold Ketter, Al Ketter, Time, 1:32.3. Feature (15 laps)—Al Ketter, Ken Rubright, Johnny Joy, Time, 7:11.

Name of Morgan Co. Assistance Office Changed

Information released through the Illinois Public Aid commission states that several changes have been made in the terminology relating to its services and agencies, in accordance with the Public Assistance Code, Senate Bill 503, signed by Governor Stevenson on Aug. 4.
This measure changes the name of the Morgan County Department of Public Assistance to the Morgan County Department of Welfare.
Fred E. Deatherage, who heads the department, is the county superintendent of welfare.
The terms general relief, poor relief, pauper relief and relief have been eliminated. They will be referred to as general assistance.
Another term which has been eliminated is non-pauper medical care, which will be replaced by medically indigent.
These changes are already in effect.

Film To Tell Story Of Nile

Khartoum, Anglo-Egyptian Sudan —P—A former University of California instructor single-handedly is making a color motion picture of the Nile, mightiest river in the world.
For J. Michael Hagopian, of Hollywood's Academy Films, Ltd., it isn't a new assignment. Before coming to Africa he made a movie of the Mississippi. His next assignment is the Ganges, in India.
The educational documentary will show every aspect of the Nile's 4,000-mile length, from Lake Victoria to the Mediterranean Delta. Hagopian will use anything that can move and carry him during his work, including chartered airplanes, bicycles and river steamers.
Four hundred thousand Americans regularly are engaged in crime, according to estimates.

Do You Want Your A&P Put Out Of Business?

Last Thursday in New York, the anti-trust lawyers from Washington filed a suit to put A&P out of business.

They asked the court to order us to get rid of most of our stores and also the manufacturing facilities which supply you with A&P coffee, Ann Page products, Jane Parker baked goods, and other quality items we produce.

This would mean higher food prices for you. It would mean less food on every dinner table and fewer dollars in every pay envelope.

It would mean the end of A&P as you know it.

This poses a basic question for the American people: Do they want to continue to enjoy lower prices and better living? Or do they want to break up A&P and pay higher prices, and have lower living standards?

What do you want?

Why Destroy A&P?

This suit was brought under the anti-trust laws. These are good laws. They were passed about fifty years ago to prevent any company, or any group of companies, from getting a monopoly in a field and then raising prices to the public.

A&P has never done any of these things.

Nobody has ever shown that we have anything even approaching a monopoly of the food business anywhere. As every housewife knows, the retail grocery business is the most competitive in the country and we do only a small part of it.

Nobody has ever said we charged too high prices — just the opposite. This whole attack rises out of the fact that we sell good food too cheap. We would not have had any of this trouble if, instead of lowering prices, we had raised them and pocketed the difference.

Nobody has ever said that our profit rate was too high. During the past five years our net profit, after taxes, has averaged about 1 1/3% on every dollar of sales, which is less than almost any other business you can think of.

The American people have shown that they like our low-price policy by coming to our stores to do their shopping. If A&P is big, it is because the American people, by their patronage, have made it big.

Obviously, it is the theory of the anti-trust lawyers that the people have no right to patronize a company, if their patronage will make that company grow; and that any big business must be destroyed simply because it is big, and even if the public gets hurt in the process.

Do You Want Higher Prices?

There is much more involved in this case than the future of A&P. The entire American system of efficient, low-cost, low-profit distribution which we pioneered, will face destruction and the public will suffer.

A&P was the first chain store in this country. For more than ninety years we have tried to build a sound business on the simple formula the founder gave us: "Give the people the most good food you can for their money." Year after year we have tried to do a better job, make our business more efficient, and pass the savings on to the consumer in the form of lower prices.

Our efforts along these lines have led other grocers to keep their costs and profits down.

In the old days before A&P, food that cost the grocer 50¢, often sold as high as \$1.00 at retail.

Today, food that costs the grocer 50¢ generally sells to the public at less than 60¢.

The methods we pioneered have been adopted not only by other grocers, but by merchants in other lines. There are today literally hundreds of chain stores, voluntary groups and individual merchants operating with the same methods and in the same pattern here under attack.

If the anti-trust lawyers succeed in destroying A&P, the way will be clear for the destruction of every other efficient large-scale distributor.

Who Will Be Hurt?

There has never been any question in our mind that it is good business and good citizenship to sell good food as cheaply as possible. As Fortune Magazine said about A&P some time ago, "It is firmly attached to the one great principle — the selling of more for less — that has made the desert bloom and the nation wax great."

We sincerely believe that we have helped the American people eat better and live better.

We believe that the hundreds of thousands of farmers and manufacturers who have voluntarily sought our business have profited by our fast, low-cost distribution of their products.

We know that our 110,000 loyal employees enjoy today, as they always have, the highest wages, shortest hours and best working conditions generally prevailing in the retail food industry; and that these men and women have found in A&P good opportunities for security and progress.

We know that thousands of businessmen — the landlords who rent us our stores, the haulers who operate our trucks, the people who supply us with goods and services — have a big stake in our operations.

Obviously, all these people will suffer if this company is put out of business.

What Shall We Do?

We admit that the interests of the owners of A&P are of little importance.

Frankly, they could make an enormous amount of money by breaking up A&P, as the anti-trust lawyers wish, and selling off the parts.

But is this what the American people want? Do they agree with the anti-trust lawyers that our food prices are too low, and that we should be put out of the picture so other grocers can charge more?

Frankly, if this were the case, we would not want to continue in business.

But we seriously doubt that this is the case. Twelve years ago, an effort was made to tax this company and other chain stores out of business. The public rallied to our support. They said they liked our quality foods and our low prices. As a result of their opposition, the tax was defeated.

Now we are faced with this new attack through the courts. We are faced with the heavy costs and all the trouble that lawsuits involve.

But we believe this attack is a threat to millions of consumers who rely on us for quality foods at low prices; to farmers who rely on us for fast, low-cost distribution of their products; and to our loyal employees.

We feel that it is our responsibility to all these people to defend, by every legitimate means, this company and the low-price policy on which it was built.

Local Riflemen Display Skill At Springfield

The Abe Lincoln Gun club held its fall Class C registered rifle match Sunday at its range north of Springfield. About 45 riflemen participated in the three 40-shot matches, a 50-yard metallic sights match, a 50-meter any sights match, and a 100-yard any sights match.

Local shooters who participated were John Savoie, Lawrence Crawford, Jr., and Friedrich Engelbach, Jr., who fired in the marksman class.

and Friedrich Engelbach, who competed in the sharpshooter class. Only one 400 possible was fired during the day, that being in the 50-yard metallic sight match, the others being won with 399 scores. Friedrich Engelbach was high sharpshooter in the 100-yard any sights match, taking it with a 397-21x, nosing out his nearest competitor, Reed, by 4x. Reed scoring 397-17x. Reed shot 397 in all three of the matches, beating Engelbach by 3 points in the 50-yard and by 1 point in the 50-meter. Weather was nearly perfect for a rifle match, cloudy early in the day and clearing by noon.

The Jacksonville Rifle club holds a week shoot each Friday evening at the Washington school range at 7:30. All interested shooters and spectators are cordially invited.

NEW THREE-JET BOMBER IS UNVEILED—One of the most closely-guarded aircraft projects underway for the U. S. Air Force has been the new jet bomber above, so far identified only as the Martin XB-51. The XB-51 is the Air Force's first three-jet airplane, and the first postwar plane specifically designed to give high-speed support to ground troops in combat. Type-boxes above point out unusual characteristics of the bomber, outstanding of which is the third turbo-jet engine mounted in the rear of the fuselage. Ultimate speed of the XB-51 is still a secret. The plane is undergoing final checks and ground tests at Baltimore, Md., and will make its first flight soon.

Two Men Nabbed After Selling 38 Chickens Here

Two Brown county men were placed under arrest Sunday on charges of larceny after they are said to have sold 38 stolen chickens to a local produce dealer. The arrests resulted from information furnished by the dealer to the Morgan county sheriff's office.

L. R. Craig, an employee of the

Roll Produce Co., on North East street, became suspicious of a lot of chickens brought in by a man who gave his name as William Howard of Brown county. Craig notified Sheriff Ralph Bourn, whose office did some checking with Sheriff Sheopman at Mt. Sterling.

Later in the day the Brown county sheriff arrested William E. Howard and Billy R. Smyers, against whom warrants were issued at Mt. Sterling. They are accused of stealing the chickens from N. N. Vann.

Sheriff Bourn said the arrests were an example of cooperation between citizens and law enforcement officers.

He commended Craig for his prompt action in reporting something that he believed involved a crime.

Widening, Repaving Of Routes 36-54 May Be Extended In County

Widening and resurfacing 16.9 miles of concrete pavement on U. S. Routes 36 and 54 in Morgan and Scott counties, at an estimated cost of \$675,000, is included in a big construction program announced Monday by state highway division officials.

The entire program calls for an expenditure of \$41,418,000 in the two years ending June 30, 1951. Cost estimates of the project, which extends to a large number of counties, have been submitted to Governor Stevenson for final approval. Of the total expenses, \$17,300,000 will come from federal funds.

U. S. Routes 36 and 54 extend east and west through Sangamon, Morgan, Scott and Pike counties, carrying much coast-to-coast traffic. Sections of the two federal routes through these counties have already been widened and resurfaced.

Projects Cover 319 Miles

The program includes \$18,228,000 for 319 miles of federal aid routes in the state's primary system outside of cities, \$8,276,400 for 37 miles of federal routes within cities, and \$6,726,400 for 76 miles of resurfacing on the primary system.

Charles P. Casey, state director of public works and buildings, said funds for the projects are not now available but the program is based on estimated revenue for the next two years. State road money comes from the gasoline tax and license fees.

Casey said the proposed improvements are in addition to \$40,000,000 obligated by new contracts this year or old ones carried over from last year.

The new program calls for im-

How To Invite A Depression

A man lived by the side of the road and sold hot dogs. He was hard of hearing, so he had no radio. He had trouble with his eyes, so he read no newspapers. But he sold good hot dogs. He put up signs on the highway telling how good they were. He stood by the side of the road and cried: "Buy a hot dog, Mister." And people bought. He increased his meat and bun orders. He bought a bigger stove to take care of his trade. He got his son home from college to help him. But then something happened . . . His son said, "Father, haven't you been listening to the radio? There's a depression on. The European situation is terrible. The Domestic situation is worse." Whereupon the father thought, "Well, my son's been to college. He reads the papers and he listens to the radio, and he ought to know." So the father cut down on his meat and bun orders. Took down his advertising signs. And no longer bothered to stand out on the highway to sell hot dogs. And his hot dog sales fell almost overnight. "You're right, son," the father said to the boy, "We certainly are in the middle of a great depression."

YOU'D have thought Jenny Poleska was a bride, dressing for her wedding, the way all the girls crowded around her in the big models' dressing room at Max's salon. She straightened the collar of her brown velvet suit, and stared at her reflection in the mirror, feeling self-conscious and uncomfortable.

"You look positively wonderful in brown velvet, with those eyes of yours, Jenny," someone exclaimed. "Now put on the hat!"

Jenny set the brown velvet bonnet on her head and tied the demure tulle ribbons under her chin. She tipped her head. The hat did give her face a piquant look, accenting the brightness of her brown eyes and the well-brushed sheen of her short brown curls.

"Golly, Jen," one of the other girls cried, "the guy won't even listen to what you have to tell him, once he sees you in that hat! You look like a doll!"

"He'll listen all right," Nina Cushman put in. "He'll listen, and hate Jenny forever for having told him."

Jenny colored a little as she turned away from the mirror and picked up her short brown lapin jacket. Nina was her best friend. And she couldn't help wondering if perhaps Nina wasn't right about her going to meet Tod.

Nina spoke again, her voice cynical and angry. "I still can't see why Liz asked you to meet him. Why not one of her own circle of friends?"

"We've been over all that," Jenny said wearily as she reached for her gloves and purse. "Tod and I are such old friends that naturally she thought of me."

"I think Liz is just malicious. She knows you're crazy about the guy."

"Don't be silly, Nina!" Jenny's voice rose a little. "I had a teenage crush on Tod. We grew up together and I somehow got the idea I was in love with him. But it was a long time ago, and it's all over now. I haven't even seen him for three years."

The girls were silent, and she was aware suddenly that she was blushing again and that her hands were shaking as she pulled on her gloves and started for the door.

It was snowing outside, one of those last snows of winter, great feathery flakes swimming lazily down. Jenny thought of taking a taxi, and then decided against it. She had plenty of time, and the snow was nice. The shop windows were filled with new spring togs, pastel suits, bouquets of spring flowers and new hats and white gloves. But her mind wasn't on the shop windows. She could only think of Tod.

"Somewhere I got the idea I was in love with him. But it was a long time ago, and it's all over now."

The words hadn't sounded convincing, even to her own ears. Why? Because they weren't true. She was in love with Tod still. After all this time. It was silly, but one couldn't help such things.

She ought to be planning how she would break the bad news about Liz to him, but instead she kept remembering Tod the way he used to be, before he ever got to running around with the crowd on the hill.

In high school she had been his girl. Summers on Sunday afternoons the two of them used to go with her father out to the fishing shack on the river to spend the day swimming and fishing. It had been such fun. She didn't suppose Tod ever thought of those good times any more, or all the other fun they had together. The Duncans had used to live on Catalpa street then too, and Tod used to spend more time at Jenny's house than he did at home.

Pop had liked him. He used to say to Jenny, "That Duncan family

"He'll listen all right," Nina Cushman put in. "He'll listen and hate Jenny forever for having told him."

don't amount to a tinker's dam, taken as a whole, Jenny, but Tod's different, almost like he didn't belong to them. Now if your mother was alive, I suppose she'd have a fit about your secret so much of him, because she never liked any of 'em. But I'd be pleased if you was to end up marryin' Tod. He's got good stuff in him, that boy."

Jenny used to blush and protest angrily when Pop said things like that. But inside it had given her satisfaction, because no other boy had ever interested her in the least. Then Tod had met Liz Conover somewhere and started running with the crowd on the hill. At first Jenny had been invited to their parties too. But after the summer Tod had begun dating Liz steadily, she'd not had more than a passing glimpse of him.

THAT summer there'd been a lot of pictures of Liz and Tod in the Sunday rotogravures. Jenny still had one of them tucked away in her handkerchief box. A good picture of Tod, showing his infectious smile, the reckless look of laughter in his eyes, the fine high forehead topped with a mass of dark curling hair. Tod was so handsome!

That fall he'd gone to the State University on a football scholarship. Liz had gone there too. Sometimes Pop would see Tod's picture on the sports page of the newspaper and point it out to her. He'd become a nationally known football player in three years. Then at the end of that third year an injury had put an end to the career. There was a long stay in the hospital in Capitol City and then an even longer stay in the East where some sort of an operation was performed on his back.

He was coming home now to Capitol City. The society page of the Gazette had been full of the coming nuptials for weeks. He and Liz were going to be married to the tune of considerable fanfare. The only hitch was that Liz had eloped with someone else yesterday.

Her heart began to pound as she went up the long steps of the big limestone Union Station and through the swinging doors into the vaulted waiting room. The train caller's nasal tones echoed in the huge room, mingling with the rumble of baggage trucks, the sound of voices, and the thin reedy wail of a freight train.

"Train from New York coming in on track two! Train from New York!" Jenny hurried to the gates, her

flowers were in case of Misses Mary Lou Nortrup, Wanda Tiemann, Laura Medlock, Winifred Reinine. Mrs. Stella Laughery is a patient at Passavant hospital, Jacksonville. Herbert Owens has returned home from Passavant hospital where he was a surgical patient.

New Hearing Device Has No Receiver Button In Ear
Chicago, Ill.—Deafened people are hailing a new device that gives them clear hearing without making them wear a receiver button in the ear. They now enjoy songs, sermons, friendly companionship and business success with no self-conscious feeling that people are looking at any button hanging on their ear. With the new invisible Phonotomoid you may free yourself not only from deafness, but from even the appearance of deafness. The makers of the Phonotomoid, 40, 1450 W. 19th St., Chicago 9, Ill., are so proud of their achievement they will gladly send you their free brochure (in plain wrapper) and explain how you can test this amazing invisible device in the privacy of your own home without risking a penny. SO PLEASANT!

That's what thousands say about Capoline, the LIQUID headache relief. Yes, pleasant to take—so easy on the stomach, and gives such delightful relief, and so quickly. Being liquid, Capoline's four carefully selected pain-relieving ingredients go to work at once to relieve headache and neuralgia. Next time get LIQUID Capoline and see the difference. Use as directed on label.

Don't grapple too many dishes at one meal; if the main course is heavily griddled, for instance, it's not necessary to add extras to the vegetables or salad.

C. Of C. Warns Of Unreliable Firms In Tree Business

Jacksonville Chamber of Commerce, through its tree conservation committee, Monday advised Jacksonville citizens to proceed cautiously when contracting for tree trimming or elm disease curative treatment.

John Hackett, chairman of the special committee, pointed out that there are many firms presently working in this area claiming to be tree experts and contracting for tree trimming work on the basis that they can prevent or cure various tree diseases.

"Some of these firms," Hackett stated, "are entirely reliable and are recognized tree surgeons. Others, however, have no experience, are not registered with any forestry or tree association, and in reality have no basic knowledge which qualifies them for the technical work of correctly trimming or treating trees."

During the last few years tree trimming firms have been established in large numbers because of the great need for tree trimming services. Prices charged are usually very high. Better Business files in the large cities are full of complaints about the work and charges of many of these firms.

Hackett pointed out that the Jacksonville Chamber of Commerce, through its affiliation with Better Business bureaus all over the country, is fully qualified to obtain factual information on the qualifications of most any tree trimming firm in the country. He urged Jacksonville citizens to check with the Chamber of Commerce before making any contracts or commitments. This service is offered free to the public by the Chamber of Commerce in an effort to prevent unqualified firms from operating in the area and to further help guarantee that the buying public receives full value for their dollar spent on tree trimming services.

Anyone interested in checking on any tree firm, or for that matter any unknown sales source, is urged to call the Chamber of Commerce, phone 10, before making any commitments.

Food Problems To Be Theme Of Nutrition Meet

"The Family's Food Problems" is the theme for the state nutrition conference scheduled for Saturday, Sept. 24, at the Abraham Lincoln hotel in Springfield, according to Mrs. Frances King, home adviser for Morgan-Scott counties.

Sessions have been keyed to home and community nutrition problems and will be of particular interest to parents as well as to doctors, nurses, teachers, and others concerned with nutrition projects and programs. Representatives from more than thirty rural and urban organizations are expected to attend. Those going from here are Mrs. King, her assistant, Mrs. Emma Lou Brant, Mrs. Mildred Seeman, former home adviser, Mrs. Carol King and Mrs. Mae Hunt.

Registration begins at 9 a. m. and Dr. Frances Van Duyn, University of Illinois, will open the morning session at 9:30 with a discussion of the effect of home methods of preparation on the nutritive value of foods. Dr. Van Duyn is in charge of the foods research laboratory in the home economics department and will report on some of the studies made on food preparation, processing and storage.

To Discuss Food Habits

Dr. Janice Smith, director of the foods and nutrition work in the home economics department, will discuss new developments in the field of nutrition and interpret them in terms of day-by-day living. Dr. Ercel Eppright, head, nutrition department, Iowa State college, has as her topic, "Forming Food Habits and Dislikes."

At the afternoon meeting, plans and methods for developing a nutrition program in local communities will be outlined. Dr. Marietta Eichelberger, director, home economics and nutrition service, Evaporated Milk association, will keynote the session. She has as her topic, "Effective Nutrition Education."

Her talk will be followed by a panel discussion on the use of press, radio and visual aids in implementing the program. Members of the panel are Miss Helen Hackman, Pike county home adviser; Mr. Donald Brown, visual aids department, University of Illinois; and Miss Jessie E. Heath.

Ways to Save

If you were a native of the central Andes you would save for the future by making "cabulla" rope in your spare time. Cabulla is the native name for the tough inner fibres of the yucca plant. Cabulla strands are twisted with horse hair and braided into an extremely strong rope. Coils of cabulla rope are valuable possessions and are sometimes wadded around the waist for safety from theft.

Albert Coleman, Retired Farmer, Dies At Virginia

Virginia—Albert Henry Coleman, 78, a retired farmer and business man of this community, died at the White convalescing home here at 6:05 p.m. Sunday.

He was born Jan. 18, 1871, and married Olive Walker Nov. 1, 1893. She survives with one son, Ralph, of Virginia; two sisters, Miss Edna Coleman and Mrs. Viola Pendleton, both of Virginia, and a granddaughter.

Services will be held at the Masonic funeral home in Virginia at 2 p.m. Tuesday, with burial in Walnut Ridge cemetery, where Masonic lodge 544 will conduct services.

HE PLANNED A WET VOYAGE

Port Said, Egypt—A—Egyptians are chuckling over this incident: A Danish sailor with four bottles of British Scotch tucked under his arm started to board his British-bound Scandinavian vessel. "What are you doing there?" a customs official inquired.

The Dane replied: "Carrying skools to Newcastle."

MR. SMALE AND THE "JEEP SWEEP"—Stanley Smale, an enterprising truck driver with a special magnet-equipped Jeep, has enjoyed sweeping success in a new business in his home town, Toledo, O. For a fee, Mr. Smale drives his unusual Jeep back and forth over parking lots, truck terminals and other places where autos and trucks are parked. The magnet picks up nails, pieces of wire and other metal objects. Once it gathered 1200 pounds of jagged metal rails from a single truck terminal. Smale calls his business the "Jeep Sweep," and his services are much in demand.

GRAIN FUTURES NERVOUS AFTER BRITISH ACTION

Chicago, Sept. 18—(P)—British devaluation of the pound caused selling and considerable nervousness in grain futures today.
Prices dropped rather sharply. Wheat was off more than 2 cents at times, corn more than a cent and soybeans 4 cents.
Traders believed the British action might mean fewer U. S. grain exports. They also thought that lower prices for raw materials generally might result eventually in lower parity prices for grains.
Receipts were: wheat 87 cars, corn 26, oats 39, rye 2, barley 77, soybeans one.
Wheat closed 1 to 2 cents lower than the previous finish, September \$2.06; corn was down 1 to 1 1/2 cents, September \$1.26; oats were off 1 to 1 1/2 cents, September 67; rye was 3 to 4 cents lower, September \$1.42; soybeans were down 3 1/2 to 4 1/2 cents, September \$2.23-\$2.27; and lard was 13 to 35 cents a hundred pound lower, September \$11.97.

New York Stock Market

New York, Sept. 19—(P)—British devaluation struck the stock market, a glancing blow today but recovery set in almost immediately.
An opening burst of selling flattened prices by fractions to a point, and in some cases more. In a matter of minutes, though, the market leveled off.
Solid at lower prices were U. S. Steel, Bethlehem Steel, General Motors, Chrysler, Caterpillar Tractor and Schenley.
Foreign dollar issues showed minor variations in the bond market.

Greenfield Halfback Leads Scoring Parade Of Downstate Preps

Springfield, Ill., Sept. 19.—(P)—A. Greenfield high school speedster is off to a flying start in the 1949 race for individual prep football scoring honors of downstate Illinois.

He is Halfback Dean Cochran, who paced Greenfield to a 40-12 getaway victory over Girard by bagging 36 tallies on six touchdowns, one on a 70 yard jaunt.

Two other players who soaked over the week end in the pointmaking department were Quarterback John Hamilton of Atwood and Halfback Lesley Franks of Farmington. Hamilton scooted 42 yards for Atwood's first sixpointer in a 32-0 rout of Leroy and then picked up three more touchdowns and one conversion for a total of 25 points.

Franks got 24 tallies in Farmington's 26-0 conquest of Tremont, ac-

Look For Action In Featherweight Title Bout Tonight

Waterbury, Conn., Sept. 19.—(P)—Hardly any among early arrivals for Tuesday night's featherweight title bout expects Eddie Compo of New Haven to dethrone Willie Pep of Hartford, the champ.

But a surprisingly large number including those close to Willy Willie look for plenty of action.

Although Pep, who becomes 27 on fight day, is a 1 to 4 favorite over the challenger, the 21 year old Compo and his handlers ooze confidence.

The fight is slated for 8 p.m. (CST). There is to be no radio broadcast or television.

Neither Pep or Compo expected any difficulty coming in at 126 or under. Pep, reported in top shape for the defense of his crown since he recaptured it from Sandy Saddler last February, said he expected a tough fight, but that he'd win.

Compo told newsmen that he planned to wear down the champion. "Pep will look good against me in the early rounds, but I'll be faster later on. I'm in the best shape of my life."

Compo, who has suffered one defeat in 62 starts, is an aggressive little boxer, but is not a stiff hitter. He relies on his speed and ring skill.

Cecil Isbell Takes Easy Way Out By Resigning Post

Baltimore, Sept. 19.—(P)—Cecil Isbell took the graceful way out by resigning today as coach of the battered Baltimore Colts and Walter S. Driskill was pulled out of the front office to take the job.

Directors of the All-America conference team emphasized Isbell resigned after four straight trouncings this season. But the one-time professional passing star hinted it was that or else he'd be fired.

"Quitting is the nice way to put it," Isbell said.

He was in his third year here, both coach and team starting their professional careers in 1947. The 33-year-old mentor came to Baltimore after five years of coaching his alma mater, Purdue.

He'll be paid in full for a two-year contract expiring this year. As for the future, Isbell said he "didn't know of a thing."

Driskill said he is returning to coaching reluctantly at the insistence of the directors although he told them he "didn't want the job."

CANCEL HACK WILSON MEMORIAL DEDICATION
Martinsburg, Sept. 19.—(P)—Dedication of a memorial to the late Hack Wilson, the old Chicago Cub slugger, has been postponed a day because of rain.

It was reset for next Tuesday, Sept. 27 so Manager Joe McCarthy of the Boston Red Sox can be there. McCarthy was manager of the Cubs when Wilson batted out 56 home runs in 1930, still a National league record.

Wilson died in Baltimore last winter, almost destitute.

By Bob Merris

Would that we could become the voice of some 3500 racing fans who saw the Mutual Racing Association "show" at the Morgan county fair grounds arena Sunday afternoon. Had we been a genie and perched in the laps of the enthusiasts while they expressed their feelings towards the "show" we probably wouldn't have been able to print the results in their entirety, anyhow. So we must be content to rely on the opinions of the few racing fans with whom we conversed.

—O—
We don't know what makes a racing auto tick, or why. We have our hands full trying to drive around the square in Jacksonville. Therefore, we aren't one bit qualified to criticize any racing driver. But, we've always thought that when it came to sitting in the grandstand with a bottle of sody-water in one mitt, a pencil behind an ear, and a racing program—liberally sprinkled with excess mustard oil—a recently consumed hot dog—in our other hand, we rated about par. In other words, we can hoot and howl with any average racing enthusiast while the autos whir around the never-ending track.

—O—
Well, there was nothing to howl about during Sunday's adventure, but we heard lotsa fans hooting.

—O—
Don't misconstrue this article to effect that we're criticizing the Jacksonville Zingabed Grotto who sponsored the races. Its members were probably taken aback as much as we when the association substituted a 3-lap match race for an expected 10-lap headline. The Grotto is only trying to give Jacksonville sports fans some real honest to goodness big car races to help while away those empty Sunday afternoons. Their intentions were good and honorable. All officials are furnished by the Mutual Racing Association.

—O—
But, speaking of whiling away empty hours! It has been proven with algebraic equations and trigonometric functions of X that you can't fill nothing with nothing, and get something.

—O—
3500 racing fans did fill something, the cashier's till. After breaking out our slide rule and fumbling through a few computations, we arrived at these figures. To see one minute of actual racing Sunday, a local fan paid about 7.7 cents. Comparatively, to see the same amount of racing at the Indianapolis 500 mile classic this summer, a fan would have paid approximately 2.6 cents.

—O—
We don't believe that the fault can be laid at the feet of our local citizens who stood at the gate and made change. We, and those fans we talked with, believed that we were going to witness 70 laps of racing, five 10-rounders and a 20-lap feature. We got 39-circles, three 7-lappers, a 3-timer and a 15-lap headline.

—O—
The early birds who arrived at 12 noon and sat until 5 p.m. watching those 39-rounds of racing certainly didn't feel they had anything to write home about when 'twas over.

—O—
Yes, the racers will return to Jacksonville. They'll be here sometime next month. We would suggest—if the races are billed to start at 6 o'clock in the morning, start them then. Time trials are supposedly taboo after actual competition has begun. Let's have more racing and less "did you hear the one about the salesman, etc., etc." over the loudspeaker between "shows." Anybody can tell a joke, but very few people remember them.

—O—
We feel as badly as the next person when a driver spins-in. But, not even high school football games are delayed an hour while a player is carted off the battle ground. People get tired of looking at each other.

—O—
Let's have less talkin' and more (safe) action. And, we don't mean the "lights, camera, ACTION" variety.

—O—
Whew! Now we feel better. Oh, by the way, the weather was fine Sunday.

—O—
Rev. Lewis Raymond, pastor of the State Street Presbyterian church, informs us that the men of his pastorate have become deeply interested in activities of the Trinity Boys Club and have voted to pattern a similar organization for youngsters after it. The boys club will be headed by Joseph Giangreco, an instructor at ISD.

—O—
Al Miller has called a varsity scrimmage session under the JHS bulbs tonight for his Illinois College squad.

Crimson Frosh-Sophs At Roodhouse Tonight

The Jacksonville high school freshman-sophomore footballers journey to Roodhouse this evening where they'll tangle with Mason Campbell's Roodhouse yearling club in a regulation grid tangle under the bulbs.

Coaches Farrel Patterson and Hal Wimberly have been grooming the Crimson understudies for the past three weeks in preparation for their '49 opener. The local frosh-sophs eleven has a tentative six-game schedule to meet this season.

Kick off time is set for 7:30 p.m. Patterson and Wimberly announced that 21 youngsters will make the trip. A starting lineup was selected last night, although the mentors were quick to add that every boy on the squad will get a fair test under fire.

The starting eleven lists Jim Beck, center; Jerry Omundsen, right guard; John Walker, left guard; Bill Long, right tackle; Myron Jackson, left tackle; Dick Flynn, right end; Bill Williams, left end; Lester Meado, right halfback; Bill Dickerson, left halfback; Robert Golden, quarterback; Don Reynolds, fullback.

Jan Sommer, second-string varsity signal-caller who saw considerable action against Pittsfield Friday night, will make the trip and be used in a utility role. Jan is a sophomore.

Unknown Captures Early Session Of Amateur Golf Meet
St. Louis, Sept. 19.—(P)—Clancy Miller, an unknown in major golf circles, celebrated his birthday 24 years early by topping a field of 136 shooters in first round play of the Western Amateur golf tournament today.

Miller, an Atchison, Kans., automobile dealer, who will be 42 tomorrow, was the only player to equal par 71 on the 6,505-yard Bellerive country club course.

The favorites, defending champion Robert (Ske) Riegel, of Upper Darby, Pa., and Tulsa, Okla., and Frank Stranahan, Toledo, didn't do so well. Riegel who qualified for match play beginning Wednesday because of his 1948 title, didn't keep a card. Stranahan shot a 76.

Practically all of the boys found the going rough on the Bellerive course, a 39-year-old layout that is undergoing its first major tournament.

Football Briefs
Injured Illini Return
Champaign, Ill., Sept. 19.—(P)—Center Bill Vohaska, End Tony Klimek and Fullback Bob Rylowicz today returned to the Illinois football squad after being injured. They will give the Illini nearly full strength for the Iowa State game Saturday.

Sophomore Halfback Herb Neathery is the only one still on the casualty list.

Halfbacks Johnny Karras, with a bruised back, and Paul Douglass, with a leg gash, are not being used in contact work for several days.

Wolverine Flankers O.K.
An Arbor, Mich., Sept. 19.—(P)—Michigan's end problems appeared solved today as the Wolverines appeared for the final week of drills for the 1949 opener with Michigan State.

Coach Ben Oosterbaan seemed set on the offensive combination of Harry Allis, the Flint, Mich., junior, and Irv Wisniewski, lanky veteran from Lambertville, Mich. When the Wolverines go on the defense, it will be Ozzie Clark, Notre Dame transfer who gathered experience at the position here last season, and Bob Holloway, an Ann Arbor product who has served on a replacement basis for three seasons.

Wildcats In Closed Sessions
Evansville, Ind., Sept. 19.—(P)—Northwestern's Wildcats staged a practice session behind barred gates today as Coach Bob Voigts' gridders bore down in preparation for the invasion of Purdue on Saturday.

Capt. Steve Sawie, tackle, who was injured in last Friday's workout, was in uniform today but did not take part in practice. However, Voigts said Sawie will be ready for Purdue.

Irish Are Injured
South Bend, Ind., Sept. 19.—(P)—Frank Johnson, left guard, and Red Sitko, leading ground gainer, may be unable to see action for Notre Dame against Indiana Saturday.

Johnson has a torn knee ligament that has been slow responding to treatment. Sitko injured his knee in a tackling drill last week and has not participated in any workouts since.

Coach Frank Leahy sent the Irish through long defensive drills today with the freshmen running Indiana plays.

CORRESPONDENT DIES
Salem, Mass., Sept. 19.—(P)—Carlyle H. Holt, Boston Globe War and foreign correspondent, died last night after several months illness. He was 59.

He became ill on a recent trip to Europe with a group of war correspondents to revisit the Normandy battlefields on the fifth anniversary of D-Day.

Valley Correspondent Reviews Grid Results
By John Campbell
Illinois Valley football teams won two games, lost four and tied one in week end tussles.

The strong Pittsfield Saukees won over Jacksonville 20-0 while the Don Luketich coached Greenfield Tigers slapped Girard high 39-12 for the two Ivy games won.

Coach Clarence "Buzzy" Bradley's Carrollton Hawks tied a Marquette high team from Alton 13-13 at Carrollton with Co-Captain Dick Carrington scoring one touchdown from his end position and Fullback, Bob Grainger scoring the other marker.

Captain Dean Cochrane of Greenfield scored six touchdowns to lead his teammates in beating Girard, this lad is one of the best backs in the Ivy loop this season.

Pleasant Hill lost to Louisiana, Mo. Friday afternoon 6-0 and E. W. Passey Wingfield Wildcats traveled to Hannibal, Mo. and lost 12-0.

Coach E. V. Hall's Jerseyville Panthers lost a hard fought game to playing at the Illinois Deaf field at Jacksonville high. Bend lost to a fine Pana team last week 7-6 and are tough this season.

Pittsfield goes to the Louisiana, Mo. field for a game Friday night and Pleasant Hill has an open date. Greenfield entertains Marquette of Alton. The Tigers lost a hard-fought game to the Alton eleven last season 13-6. Owens scored the lone Greenfield marked in the second period. Carrollton's Hawks are playing at the Illinois Deaf field Saturday afternoon. Last season the I.S.D. gang won 27-12 at Carrollton.

Chandler Testifies Jumpers Wanted To Destroy Baseball

New York, Sept. 19.—(P)—Commissioner A. B. Chandler testified today that the Mexican league "Jumpers" of 1946 were "fellows who joined a group that said they were going to destroy" American baseball.

"It became a fight between Mexican baseball and American baseball," he said in a deposition taken preparatory to trial of Danny Gardella's \$300,000 suit against organized baseball.

"Yet I never tried to hammer people. I tried to save them," said Chandler.

He was the only witness in the federal court proceedings before a notary. Gardella, a former New York Giant who jumped to Mexico without signing a 1946 contract, is one of the few rebels who have not returned to the baseball fold.

Numerous objections from defense attorneys prevented Frederic A. Gardella's attorney, from digging into baseball's financial and contractual set-up.

Questions on radio and television rights for the 1948 and 1949 world series were stopped on the grounds they dealt with matters that happened after Gardella filed his suit, Oct. 2, 1947.

Havana Ball Club Drop 3-2 Amateur Playoff Decision
Battle Creek, Mich., Sept. 19.—(P)—Bob Smith, youthful pitcher for the Milwaukee Lincoln autos, today hung up the first no-hit game in the eastern division playoffs for the American baseball congress amateur world series.

Smith, not even listed on the Wisconsin team's regular roster, whitewashed the New Haven Lenox Athletic Club nine 5-1 in a first round match. He struck out only two men.

Another first round game saw a pitching duel between Horace Tangman of the Havana, Ill. Red Sox and Walt Ammons of the Birmingham, Ala., U.S. Pipe Co. Ammons finally won, 3-2, despite Tangman's 15 strikeouts.

The Akron Borden Autos, runners up in the 1948 tournament, were upset by the Dallas, Tex. Karlen Corrales, 3-2. The Durant, Okla. G's had no trouble shellingacking the St. Ignatius Loyolas of New York, 8-1, in the day's other first round contest.

Two teams were eliminated in the second round play. The Chicago unknowns, who had lost earlier to Dixfield, Me., were downed 8-5 by the Hudman Grocers of Little Rock, Ark. and Mascot, Tenn., which had bowed to the Clark Tractorators of Battle Creek, was dropped by the Grayson, Ky. outfit, 7-3.

Cops Guard Boxer After Gambling Mixup In Chicago
Chicago, Sept. 19.—(P)—Two city detectives were assigned as bodyguards to welterweight Johnny Bratton tonight after the boxer's manager, Howard Frazier, told the Illinois Athletic commission his and Bratton's lives had been threatened by gamblers.

Bratton said he did not believe Frazier and charged the manager with gambling away his purse of a fight with Gene Burton Oct. 6, 1947, in Chicago.

Frazier denied he had gambled away his boxer's purses.

The former lightweight championship contender appeared before the commission at a hearing to approve him as a substitute for Kid Gavilan against Beau Jack in a Chicago Stadium bout, Sept. 30.

The 22-year-old southside negro sought to sever his contract with Frazier and co-manager Danny Spunt.

"I paid Bratton every cent for every fight, including the one with Burton and I didn't gamble on this particular scrap," Frazier asserted.

"However, I did pay some money that night to keep gamblers from harming Bratton. These persons charged that Bratton had thrown the fight to Burton and threatened his life. I paid them back money they lost to protect the kid."

DIES AFTER FAST
Portsmouth, N. H., Sept. 19.—(P)—A 70-year-old Negro minister is dead of the effects of 30 days of almost continuous fasting.

The Rev. Taylor L. Lee, pastor of the God in Christ church, died in Portsmouth hospital yesterday. His wife said he had abstained from food to emulate Christ's 40 days of fasting in the wilderness.

Dr. S. Gerard Griffin said it was "a plain case of starvation."

Phils Clip Cardinals 4-3; Brooks Win 4-0 To Slash NL Margin

St. Louis, Sept. 19.—(P)—Rookies out against Chicago. The 25-year-old right-hander, who John (Jocko) Thompson and Ed Sanicki, recently recalled from Toronto, combined their talents to lead the New York Giants, Sept. 9, 1948, onto, combined their talents to lead the last in the majors, faced a total of 28 batters. He walked the leadoff man in the first, fifth and seventh innings before Cavarretta singled. Three fast double plays helped him out of difficulty.

Cavarretta, who had been shaken up while trying to make a shoe string catch of Jackie Robinson's single to short right in the first of the eighth, connected cleanly with Barney's first pitch in the C. eighth. The ball sailed through the hole between Robinson and First Baseman Gil Hodges for a hit.

The win enabled the Dodgers to make a temporary gain of a half game, leaving them two full games back of St. Louis. The Cardinals played tonight against Philadelphia.

Bob Rush, who worked the first six innings, gave up all Brooklyn runs and six of their eight hits. Roy Campanella led the Dodger attack with two singles and a double. Barney, moving over the 500 class with his ninth victory, struck out six. He needed only one standout play to help him along the way. That was a catch by Duke Snider who raced into left center to pull down a drive by Mickey Owen, lead-off the sixth.

Kiner Gets 50th Homer To Break Record; Bucs Lose
Pittsburgh, Sept. 19.—(P)—Raip. Kiner, Pittsburgh left fielder, smashed his 50th home run of the year tonight to establish a National league record but the New York Giants nipped the Pirates 6-4 as Dave Williams homered in the first of the 10th with one on.

Kiner, who got his circuit clout in the second inning, became the first player in the National league to hit 50 or more homers in a season.

Williams' homer came off relief pitcher Harry Gumbert, the fourth Buc hurler. Starter Jim Walsh suffered an injured hand and had to leave the game in the fifth when hit by a line drive off Williams bat.

Prairie Farms Six Defeats K.C. Team In Shuffle Meet
The Prairie Farms shuffleboard team defeated the Knights of Columbus players last night in the "first shuffleboard tournament ever held in Morgan county." The score was 5-3.

Shuffleboard tournaments are becoming popular in various Illinois cities. Monday night's event on the "Walls" board on the west side of the square attracted a quite a few enthusiasts of the new game.

William and Ray Bottom were the co-captains of the winning six man team. Other men on the squad were Gene Steinmetz, Byron Ledford, Edward White and George Walls.

Tom Bognel was the captain of the K. C. squad. His players were James and George O'Connell, Bernhard and James McGrath and Paul Keating.

Beverly Lindley, South Dakota Man Wed In Hutsonville

Popular Local Couple Married Sunday Afternoon

The home of Mr. and Mrs. Allen King northwest of Hutsonville was the scene of a beautiful early autumn wedding Sept. 17 when their daughter, Miss Beverly Ann Lindley, became the bride of William R. Burge in the presence of the immediate families and a few friends.

The bride is the daughter of Ernest Lindley and Mrs. Nancy Lindley of Jacksonville. The bridegroom is the son of Mr. and Mrs. F. H. Burge of Estelline, S. Dak.

Given in marriage by her father, the bride wore a powder blue gabardine suit with navy blue accessories. Her shoulder corsage was pink Radianse rosebuds.

Miss Jacqueline Tankersley of Jacksonville was maid of honor. Edward Copes of Sioux City served as best man.

The bride attended Jacksonville high school and graduated from MacMurray College in 1948, receiving the degree of Bachelor of Music. The past year she taught vocal music at the Alta consolidated school, Alta, Ia.

Mr. Burge graduated from high school at Estelline, S. Dak. He is now a senior at South Dakota State college, majoring in electrical engineering.

The couple will live in Brookings, S. D., where the bride has accepted a position in college library and her husband will continue work toward his degree.

George W. Sousley Is Found Dead; Inquest Conducted

Greenfield—George W. Sousley, 78, was found dead Monday at 1:30 p. m. at his farm home in Barre township, Macoupin county.

At an inquest conducted Monday evening at Stults Funeral Home in Palmyra by Coroner Perketich, the death was attributed to coronary thrombosis.

Mr. Sousley was born July 7, 1871, in Mayville, Ky., son of Robert and Elizabeth Jane Harmon Sousley. He was married June 16 in Bath county, Kentucky, to Emma Calvert, who survives.

Also surviving are two daughters, Mrs. Louis Metcalf of Phoenix, Ariz., and Mrs. Mary Mary Sousley, a teacher in the Greenfield grade school; two sons, Robert of Webster Grove, Mo., and Claude of Greenfield; four granddaughters; and two sisters, Mrs. Wythe Sims of Orlando, Fla., and Mrs. Charles Clark of Flemingsburg, Ky.

One son preceded him in death.

The decedent was a member of the Methodist church.

The body was brought to Shields Funeral Home in Greenfield, where rites will be conducted Wednesday at 3 p. m. by Rev. George O. Mayo, pastor of the Methodist church.

Burial will be in Oakwood cemetery.

Trip To Chicago Ends Up In Police Chase, Shooting

Chicago, Sept. 19.—(P)—A quiet trip to Chicago to buy work for the Thayer, Ind., store ended up not so quietly for James Matlocks. His truck became the starting point for a chase in which a man was shot.

Police Officer William Wilson, who wounded the man, gave this account of the affair:

Wilson and Officer Edward Hogan were cruising down Madison street. They saw Jewel Incinerator, 24, step out of a parked truck with both arms loaded with clothing.

Wilson followed him. Ingram dropped the clothing, slowing the policeman down a bit, since it partially blocked a hallway.

The policeman finally hurdled the pile, scooped after Ingram and fired a warning shot. Ingram ignored the warning. Wilson shot a second time and hit Ingram. At the Bridgeview hospital his condition was called "fair."

STENEMEYER FUNERAL HELD IN NEW BERLIN

ROLL OUT DER BARREL—Here is a scene full of significance to beer-loving Berliners. The urchin's head sticking out of the huge beer stein doesn't mean beer will now be sold to minors in the German capital. What it heralds is the reopening of breweries in the Western sectors of Berlin. Also included is a gentle reminder to Berliners to spend their West-Marks for West-Sector products only. Miss Jean Stewart, Elbert Luttrell Married Recently

Waverly — Announcement was made Friday of the marriage of Miss Jean Stewart and Elbert Luttrell, both of Waverly. The wedding took place on Sept. 6 in Chillicothe, Mo. The bride is the daughter of Mr. and Mrs. Jesse Stewart, the bridegroom is the son of Mr. and Mrs. Harry Luttrell.

Miss Luttrell graduated from the Waverly township high school in 1945. She attended business college at Chillicothe, Mo. for one year, and has since been employed in the office of the Department of Public Health in Springfield.

Mr. Luttrell is employed in Springfield. They are residing at 313 South Glenwood, Springfield.

Mr. and Mrs. Luttrell took a wedding trip to Colorado.

Social Events

Xi Lambda Chapter Meets Monday At Floreth Home

The monthly program and social meeting of Xi Lambda chapter, Beta Sigma Phi sorority, was held Monday evening at the home of Mrs. Ralph Floreth, 707 W. College avenue.

Mrs. Gladys Crawford, president, led the group in discussions on the program "Theatre to Live" by Marguerite Scott, a course of study as outlined by the Beta Sigma Phi international headquarters for Exemplar chapters.

Mrs. Ralph Floreth presented the program by giving a report on a three act play, "The Shop at Sly Corner" which she saw at the Pasadena playhouse while vacationing in California. Mrs. Floreth reported all radio plays are previewed in the Pasadena playhouse.

The social hour was spent playing bridge. Prizes were awarded to Miss Jean Stewart, high. Miss Margaret Fitzpatrick, second, and Mrs. Gladys Crawford, low.

Mrs. Floreth served refreshments.

Young Cycle Rider Falls Under Truck But Isn't Injured

A bicycle ridden by a nine year old Jacksonville boy was smashed by the wheels of a coal truck yesterday. But he tumbled under the truck and escaped injury.

John Norton of 831 Hackett avenue, a driver for the Walton Coal company, reported the accident, unluckily for the boy, to the police department.

Norton stopped his truck at the Webash tracks on Illinois avenue to wait for a passing train. Four cyclists, two boys and two girls, were also waiting for a clear track. After the caboose had passed, the truck and the four riders started up. The bicycle ridden by Lloyd Callahan, 1004 E. Lafayette avenue, apparently slipped on some loose gravel. He fell. The wheels ran over the bicycle, the boy rolled under the truck and he escaped unhurt.

Badly scared, Callahan and his demolished bike were taken to his home by Norton. Later in the evening he went to Passavant hospital, where a check-up by Dr. Paul B. Hartley disclosed no injuries.

CORRINGTON NAMED TRADE AREA CHAIRMAN

Frank Corrington, local DeSoto-Plymouth dealer, has been appointed area chairman for the National Automobile Dealers association to stimulate active participation in the Association's national programs throughout Morgan county.

Mr. Corrington was selected by a committee of NADA and Illinois Automotive Trade association officials. The appointment was announced by B. B. Burns, the national association's director for Illinois.

NADA is the largest retail trade association in the country with a membership of more than 34,000 new automobile and new truck dealers.

BRIDGE TENDER GETS DRUNK AND RUNS DRAW UP AND DOWN

Jacksonville, Fla., Sept. 19.—(P)—Police charge Henry Tyre, 70-year-old bridge tender, got drunk Saturday night and started playing with the span.

He raised the draw up and down, they said, and took at least one automobile on an unscheduled trip to the top of the housing towers.

Tyre was jailed for drunk and disorderly conduct charges. His case will be heard next Saturday.

One motorist, Melvin Lee Stalls, suffered neck and head injuries racing his car to get off the rising span.

SURGICAL PATIENT

Mrs. William Everett underwent a surgical operation Monday at Our Saviour's hospital. Mrs. Everett is the former Leila Wallihan, daughter of Mrs. Irene Wallihan.

THEY WROTE THEIR OWN

Privileged to write their own tickets for travel to the Seattle convention of the American Association of Railroad Ticket Agents these two Chicago agents chose the large, economy size W D Cornell, left, and H C Duvall, center, present their 40-inch ticket to a startled conductor as they board the train in Chicago. Of course, they got back the stub

White Hall Woman Dies In Centralia; Rites Wednesday

White Hall—Mrs. Jessie Noelke, a resident of White Hall for the past six years, died Sunday evening while visiting at the home of her daughter, Mrs. Homer Butler, in Centralia. Death followed a cerebral hemorrhage.

Mrs. Noelke, 70, is survived by two daughters, Mrs. Butler, Centralia, and Mrs. Gene Hartley, Chicago; one son, Mr. Noelke, U.S. Army in Germany; one sister, Mrs. Eula Knight, White Hall and four grandchildren.

The body will arrive at Dawdy Funeral Home Tuesday noon.

Funeral services will be conducted Wednesday at 2 p. m. at the funeral home by Rev. Walter Wilson of the Presbyterian church.

Burial will be in White Hall cemetery.

Former Waverly Resident Wed In Vandalia

Waverly — Miss Geraldine Norris of Mason and Pvt. Leroy Helm of Logansport were married Sept. 7, in the Christian church at Vandalia. The pastor, Rev. Lockhard, officiated. They were attended by Miss Reba Ruffner and Van Lee Helm, of Mason.

The bride was attired in a white suit, and her attendant wore a green suit.

The bride is the daughter of Mr. and Mrs. Gerald Norris, of Mason, and graduated from the Farina high school in 1948. She is a niece of Mrs. Shelton Childress, of Waverly, and lived with Mr. and Mrs. Childress for a year, when she was employed by the Franklin Life Insurance company in Springfield.

The couple left for Massachusetts, where the bridegroom is stationed in an army camp at Fort Devens. He enlisted in the army a year ago.

To Treat Teeth Of Grade Pupils At Murrayville

Murrayville — A sodium fluoride treatment center is now being established in the Murrayville grade school. Similar centers will be set up in other schools throughout Morgan county during the year.

Sodium fluoride treatment has met the approval of the Morgan County Health Department, the State Health Department's dental division, and the Morgan County Dental Society.

Sodium fluoride applications, inaugurated in the school system last year, will be continued during 1949-50. All second, fifth and eighth grade students, who obtain the permission of their parents, will receive the service without charge.

The local center will be open to visitors during school hours.

White Hall Woman Dies In Centralia; Rites Wednesday

White Hall—Mrs. Jessie Noelke, a resident of White Hall for the past six years, died Sunday evening while visiting at the home of her daughter, Mrs. Homer Butler, in Centralia. Death followed a cerebral hemorrhage.

Mrs. Noelke, 70, is survived by two daughters, Mrs. Butler, Centralia, and Mrs. Gene Hartley, Chicago; one son, Mr. Noelke, U.S. Army in Germany; one sister, Mrs. Eula Knight, White Hall and four grandchildren.

The body will arrive at Dawdy Funeral Home Tuesday noon.

Funeral services will be conducted Wednesday at 2 p. m. at the funeral home by Rev. Walter Wilson of the Presbyterian church.

Burial will be in White Hall cemetery.

Woolworth Heiress In U.S. After 3 Years In Europe

New York, Sept. 19.—(P)—A pale and ailing Barbara Hutton, her wasted figure gowned in black, came home today to the land of her birth for the first time in three years.

The 36-year-old Woolworth heiress, now Princess Barbara Hutton Troubetzkoy, said "I am feeling very badly."

Arriving on the liner Queen Elizabeth, she told newsmen "I've come here for a medical checkup."

Princess Barbara denied oft-repeated reports that a rigid diet when she was a plump young girl caused her present illness—that she lived for weeks on little more than coffee and thus ruined her health.

"I hope you will refute this myth that keeps following me that I am dieting," Princess Barbara said. "My trouble has nothing to do with dieting. I have never dieted."

She said she was down to 92 pounds from her normal weight of about 100 pounds.

"It is some odd complaint," she said of her ailment. "Nobody seems to know what it is."

Red Testifies He Dropped Idea Of Soviet America

New York, Sept. 19.—(P)—America's top communist was quoted today as saying that he long ago abandoned the idea of a Soviet United States backed by the Red army.

William Z. Foster, national chairman of the party, admitted in a court deposition that in 1928 he foresaw such a communist America.

He also admitted that in 1935 he endorsed the aim of a communist triumph "all over the world."

But, the ailing Foster added, he abandoned such notions before April 1, 1945. That is the date when the government said 11 top American communist leaders began a conspiracy to advocate the violent overthrow of the U. S. government.

Foster was to have been a 12th defendant in the trial, now entering its 36th week. However, his health did not permit him to appear. His views are contained in a sworn statement being read before Federal Judge Harold R. Medina and a jury.

Elected President Of Midwest NAEA

Omaha, Sept. 19.—(P)—C. S. Mudge of the Peoria Ill. Journal and Star today was elected president of the Midwest Newspaper Advertising Executives' association.

PASSENGER TRAIN DERAILS, KILLING 2, INJURING 50

Newton, N.C., Sept. 19.—(P)—A passenger train hopped from its tracks here early today, leaving two dead trainmen and about 50 injured passengers in its wreckage.

Two negro cooks, riding in a dining car that was smashed in the pileup, were trapped in the car and were killed. They were identified as Robert Freeman, 60, of Salisbury, N.C., and Hersten Longmire, 50, of Knoxville, Tenn.

The train, westbound No. 15 of the southern railway, spilled over an embankment after leaving the tracks. The big two-unit diesel locomotive and six cars tumbled down the 20-foot incline.

Cause of the derailment was not determined.

3 Circuit Judges Warn Pulaski Co. To Stop Gambling

Cairo, Ill., Sept. 19.—(P)—Three circuit judges warned today they would not tolerate commercialized gambling in Pulaski county.

They said that if gambling continues they will call it to the attention of "every grand jury in the county."

The judges were Lord Bradley of Carbondale, C. Ross Reynolds of Vienna and Harold Zimmerman of Marion.

They issued their warning at a hearing of objections to the publicized report of State's Attorney Warner Wall. This is a periodic report showing receipts and disbursements.

In explaining receipts, Wall's attorney said in court recently that a good part of them represented contributions for county purposes by gamblers.

"It is seldom that circuit court finds such a situation as appears to exist in this county," the judges said today.

Find TNT, 2 Belts Of Bullets In Bag Of 15-Year-Old

Tacoma, Wash., Sept. 19.—(P)—A half pound of highly explosive TNT and two belts of machine gun ammunition were found in the purse of a 15-year-old girl arrested here Friday, police disclosed today.

The girl, Giannina Henry, of Milwaukee, Wis., was picked up at the request of her parents, who said she had run away from home, police reported. She was arrested in the company of Pvt. Alfred Pachelka, 19, a Fort Lewis soldier, in a private home.

Arresting officers brought Giannina to Pierce county's new detention home shortly after picking her up. They left her without making any search of her purse but were quickly called back by a matron who said she discovered:

The "TNT, a blasting cap, a small six-volt battery for exploding the charge, the two belts
